

## Earth climate arts circle

The Earth Climate Arts Circle invites any of our members who would like to share their thoughts and feelings about our beloved Earth and her Life, our Earth-Womanhood, and/or the present human-made climate crisis on our planet.

We don't have to be great artists! Our feelings can show in many ways -- through photos, drawings, doodles, shapes, craft work, paintings - of places, skies, waters, Earth life, Womanhood, people, creatures, fancies - with gratitude from us all for the sharing.

Or maybe you feel moved to write or tell a story, a poem, or music & lyrics, a tale from your travels, a short video - even limericks or cartoons! In our Circle we have a safe, intimate, nurturing place to share what moves us during these times of great uncertainty and unravelling: your joy, your grief, your rage and your hope.
